

BECOME A FESTIVAL INTERN!

Meet famous poets, celebrities and performers! Learn skills in event managing, tourism, marketing, hospitality, arts administration, journalism and so much more!

"I really enjoyed my time working as an intern for Ledbury Poetry Festival. Although it is an intense 10 days, it is massively rewarding- both in terms of developing new skills and also just having a good time! Event managing was something I would have never considered doing previously but I ended up enjoying it & also becoming more confident in public speaking.

Getting to interact with the poets & performers is always fun- it is really rewarding to work with people who care intensely about what they do. Another highlight is being able to go to events that you might've not otherwise gone to- the Festival always has a really diverse & interesting program and there's always something that will surprise you! "

"My intern experience last summer was a brilliant one. I looked forward to the morning meetings every day to discuss the itinerary of each day. We had our set work, including meeting the poets before their performance and delivering their introductions. We also had to improvise. Being able to watch any performance we wanted to was a pleasure, and getting to meet the performers afterwards for a drink was even better. Best of all, we had fun. Everyone in the office and others stationed around Ledbury made me feel like part of the LPF family and I wish I could come back and do it all again. I hope you get the chance to meet all the fantastic team and experience the Festival in some way."

Deadline: 17 April, 2020
